75<sup>th</sup> convention:

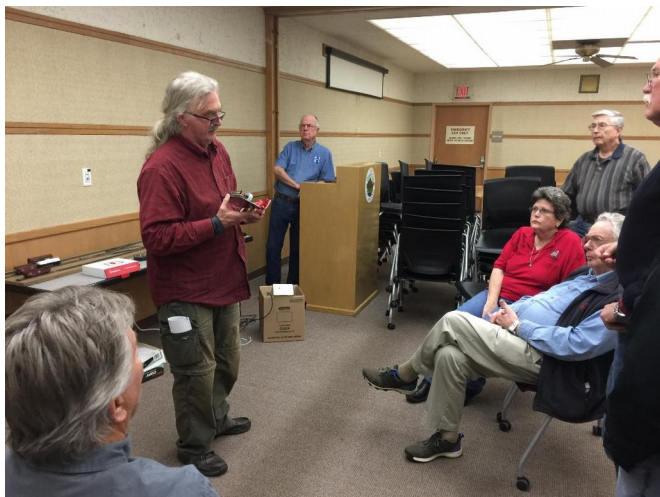

**Diamond Rails Forever**  
May 1-5, 2019  
Sacramento, CA

Dateline : Santa Barbara meet Dates:

"Save these dates - **July 20 and July 27**. We have not decided which Saturday you are invited to the beautiful Santa Barbara area yet but it will be one of these dates. We also do not know if we will be at the Historic Goleta Depot or back at the L&N Eastern Kentucky Division and the SP Santa Cruz Division in Montecito. One place or the other you can expect some fun model railroading. We will also have some railroads to visit after the meeting so save those dates!" -Bruce Morden

## Daylight Observation

The February meet was held at the Fresno Public Library in the Sara McArdle Room.

Brewster Bird demonstrates the use of a Smart Phone as a throttle on a DCC layout.

The Layouts open included Chuck Harmon's and Stephen Lowe's layouts.

Looking eastbound, at Kern Junction, on Stephen Lowe's N scale layout.

The following modules are for sale by Suzie Paff:

- \*4 corners with wiring and all hardware
- 3 - 4' x 2' modules with wiring and all hardware
- 2 - 4' x 15" modules with wiring and all hardware
- 1 - 4' x 6' module
- 1 - 2' x 4' unfinished module
- 1 - 6' x 2' unfinished module

The 4 corners and the 3 - 4' x 2' modules have track but they have been stored in a shed so the track may not be good.

Also, Suzie said there is some HO locos and rolling stock that she is selling, mostly Southern Pacific.

If you are interested in any of these items, please contact Suzie Paff, in Madera, at (559) 269-0013 or (559) 564-5145.
