Ct., Chico, CA 95926 or by email to :

chipmeriam@comcast.net If e-mailing
put EDITOR in the subject line.

From the Superintendent

Dave Putnam,
Division Superintendent

As We Head Into The Last Quarter Of 2024,

the shorter hours of daylight and cooler weather will hopefully bring everyone's focus on model railroading out of hibernation. I've got several projects items that were placed on the back burner during the spring and summer months myself. I'm also already seeing an uptick in invites for operating sessions around the Sierra Division.

We held our third quarterly business meeting and layout tour in the Sierra Foothills on August 17th. One club and five private layouts, from Granite Bay to Nevada City, opened their doors for division

members to tour. Our meeting was held at the [Nevada County Narrow Gauge Railroad Museum](#) in Nevada City.

There are also some train shows on the horizon. The [International Rail Fair](#) (IRF) at Cal Expo is first up on the list on November 2-3. Our division, along with the Sacramento Modular Railroaders, the Sacramento chapter of the European Train Enthusiasts, and Roseville Roundhouse Model Railroad Association, organize this annual show and share any profits from attendee admissions to the show. The IRF gives the public an opportunity to learn about our hobby by interacting with modular club members who will have their layouts set up on the floor of the show. There will also be many vendors who will be selling a variety of model railroad equipment, scenery, and books. Members from our division will be responsible for providing clinics for the public throughout the weekend. I'd like to invite anyone who is interested in providing a clinic to contact IRF organizer and division member [Tom Campbell](#).

There are also a few more "save the date" events on the horizon that you'll be hearing more about in the coming months. The Pacific Coast Region's annual Layout Design and Operations weekend will be centered in the Sacramento area on January 31, February 1st and 2nd. [The "Great Train Show" and "World's Greatest Hobby Tour"](#) is slated for Cal Expo in mid February.

Chip Meriam,
Short Line Editor

Further follow up from my query about motivation came from Gary Ray. Here's what Gary had to say:

*"Hi Chip,
In reply to your question about how to continue to move ahead, I find blogging is very helpful— even if no one reads it (but there are a few.) It helps me because I can look at my last blog post and realize it has been awhile...something better get done! It is great for me to see my own progress."*

For Gary's blog, follow this link:
<https://www.southernpacificl�out.com/>

From the July 2019 Issue of the Short Line.....

Sierra Division Member Of The Year

Klaus Keil

The Story This Quarter Is Klaus Keil

The Sierra Division held no 2nd quarter meet because we were hosting the 2019 PCR Convention during the same week we would normally have our meet. Rather, we all enjoyed (and several of us worked at) the 2019 Diamond Rails Forever Convention at the McClellan Conference Center in Sacramento....

Our Division Director, Tom Van Horn, announced the Sierra Division's Member of The Year, Klaus Keil. Klaus is most deserving of this recognition because, despite having lost his home and his entire layout in the Camp Fire last November, he has continued to participate in division activities, has actively re-started his modeling, and even created and presented a well received clinic at the PCR convention in May. Throughout all of this, Klaus has maintained a very positive attitude and has been a complete joy to be around. At age 91, Klaus is a true inspiration and leadership example for us all.

Congratulations, Klaus.

This is truly a merited honor.

LAST RUN

Klaus Keil

June 1, 1928 - August 30, 2024

Klaus Keil ~ Model Railroader

Klaus build a beautiful 1960's era model railroad that depicted Germany. He loved making trains full of transported military equipment. Over half his railroad had operating catenary ~ overhead wires. Not many have the skill to do that.

Klaus was a member of the European Train Enthusiasts and the National Model Railroad Association. He was the NMRA Sierra Division Member of the year in 2019.

Daylight Limited

PACIFIC COAST REGION CONVENTION

MARCH
27-30
2025

You are invited to the Pacific Coast Region 2025 Daylight Limited Convention in San Luis Obispo and **registration is now open!**

We are offering an in person convention as well as a virtual option. If you are interested in our in person convention, you will want to act fast to sign up for spots on our excursions and to reserve your hotel room.

- a FREE companion fare (\$160 value) that includes the Sunday breakfast!
- 3 days of clinics
- the PCR business meeting and awards brunch on Sunday
- Contests
- layout tours
- make & take clinics
- a great hotel with free wi-fi, evening reception, parking and a breakfast buffet for only \$154 avg/night for a 4 night stay
- excursions on Amtrak, to Bittercreek Western RR, Norgrove Ry, Santa Maria Valley RR shops, the Pacific Coast Railroad at Santa Margarita Ranch, and more! ****Some require registration by Sept 16th.***

Continued on page 6

Daylight Limited PACIFIC COAST REGION CONVENTION

MARCH
27-30
2025

www.pcr2025.org

Our **virtual** event will include:

- 3 days of clinics
- tour of the contest room by an MMR
- Special Interest Group gatherings
- vendor focus
- the opportunity to vote on the clinics you would like to see in the virtual event for everyone registered early
- and more!

To register: <https://pcr2025.org/registration/>

We hope to see you in March in San Luis Obispo!

The Northern Nevada Layout Tour will be Nov 8-9-10 2024

About 18 layouts will be open.
The tour booklet list will be available about the 20th of October. Feel free to contact me.

www.internationalrailfair.com

INTERNATIONAL RAILFAIR

International Railfair November 2-3 at Cal Expo Building C in Sacramento

The International Railfair's Square Foot Diorama Challenge is back for a third year!

Theme: 2024's Challenge theme is "Fall into Winter." Anything to do with the fall and/or the winter seasons are fair game this year. Fall colored trees, any of the holidays from Halloween through Christmas, or something like "Home for the Holidays" will work as the seasonal thematic elements. In addition, the diorama must include at least one railroad element. This doesn't necessarily mean you must include track. A billboard for a railroad company in the scene would qualify, for instance. Whatever the railroad element is, it must be obvious.

Maximum Dimensions: Entries will be no larger than 12" x 12". Smaller sized dioramas are acceptable.

Height: There is no height restriction beyond what is practical. Is your diorama stable? Can you transport it? Can you fit it in Cal Expo's Building C?

Scale: Model railroad scales are encouraged but not mandatory. That said, the diorama should be a scale model. Nothing is preventing a 1:400 scale model for example.

Prize: There will be a prize and a trophy for the winner of the popular vote count. Details on the prize and the trophy will be coming soon. Depending on the entries, we may include a junior division for entrants 14 years old and younger this year.

New Work: The diorama must be new to the IRF Square Foot Challenge. If you've entered the diorama in our challenge in the past, do not enter it again. We want to see something new! If you have a diorama that you've entered at other contests but not at IRF and it fits the theme, feel free to enter it!

Entry: There is no entry fee for the Challenge. Please bring your entry to the Square Foot Challenge table where an attendant will help you with Challenge Registration. The show opens on Saturday at 10 am. Voting begins at noon and goes to 2pm on Sunday. You may retrieve your entry at any time, but you'll possibly miss out on votes if you pull your entry early. You can retrieve your entry after the show is over up until 5 pm on Sunday. If set up with us in advance, it may be possible to work out a later retrieval time and place if needed.

Fun: The Challenge's goal is mostly to have fun, but also to give those in attendance another cool thing to look at! Many thanks for your consideration in entering the Challenge!

I'm happy to answer any questions at tom.c.irf@gmail.com If you finish early and send me a picture of your diorama, I'd love to show off your creation on our social media accounts.

Tom Campbell, International Railfair's Square Foot Diorama Challenge Director

Have you joined the NMRA Interchange? It's the newest tool to help you connect with other members, gain knowledge and learn to modeling techniques. The Interchange is hosted on the Discord application which is available for Windows, Apple OS, Android and Apple devices. See instructions below for signing up.

Joining the NMRA Interchange

Speed Muller

IT Manager, NMRA

Have you joined the Interchange yet? If not, follow these steps to get connected!

1. Go to nmra.org/nmra-interchange
2. It will ask you to log in to the NMRA website if you're not already logged in. If you are not registered with the NMRA website yet, now's the time to do it. Click the "Need a username? Register now" button, and get set up. Use the email address on file in the NMRA membership system (probably the one where you got this eBulletin). The system will email you a link to set your password.
3. Now you should be in the [NMRA Interchange](#) page. If not, click this link.
4. Click on [Member Info](#) in the top right corner and scroll down get your exact Member ID. You'll need that later.
5. Read through the page and then follow the "Interchange Server Invite" link at the bottom. This is a special link just for you and will look something like <https://discord.gg/xxxxxxx>
6. You will be taken to Discord (the platform that hosts the NMRA Interchange) where you will be prompted to sign in, if you already have an account there, or prompted to register, if not. If you need instructions for creating an account or logging into Discord they can be found [here](#).
7. Once you accept the NMRA Interchange Invite, and you are logged in, you will land in **#the-lobby** with a message on what to do next.
8. We suggest that you read and agree to the **#rules** first. Just click on **#rules** and then click on "thumbs up". Then click on **#the-lobby** again to do the most important step.
9. Discord and the NMRA need to check with each other, in order to verify that you are a current NMRA member with an email on file. You start the process with the **/onboard** command. Now, this is very sensitive to the type of device you are using, so just type the first few letters **/onb** at the bottom where you see a + sign in a circle. It will complete the command for you in a pop-up just above that. Click on the **/onboard** command. Add your membership number (6 characters followed by a space and then two more characters) just as you noted in step 4. Example: `/onboard input: 123456 0A`
10. Discord and the NMRA computers will have a chat, and then you will receive an email containing a **/clearance** command. That's your entry ticket. Copy and paste the whole line into **#the-lobby** (at the + sign again). Example: `/clearance input: 654321`
11. You're in! You will not have to do any of this again. If anything derails, you'll get a message telling you what to do next, and we also have Moderators in the Interchange standing by to help.
12. If all went well, you'll now see more than 350 channels (those # things). We suggest you start by going to **#introduce-yourself** and then scroll up to **#the-workbench** to see what others have done and shared! Then find your Region and Division and say "hello" there. And then start participating and enjoy!

Sierra Division events appear on the PCR Calendar. If you would like for Sierra Division and PCR events to appear in your personal calendar, you can link to the PCR calendar on the web.

This will work if you use Google Calendar, Outlook, or Apple's Calendar app. Go to <https://www.pcrnmra.net/link-to-the-pcr-calendar/> for instructions on how to link to the PCR Calendar. Events placed on the PCR calendar will automatically appear in your calendar also. Questions or need help? meldridge2000@gmail.com

August Meet Grass Valley / Nevada City

On August 17 the morning dawned on an excursion into the foothills northeast of Sacramento—the California Gold Country. We encountered very little rare precious metal, but we did discover a wide array of railroad and model railroad activity scattered throughout Placer and Nevada Counties. In addition to our quarterly meeting at the Nevada County Narrow Gauge Museum (*with lunch provided!!*), we were hosted by Dick Pashley in Granite Bay, Phil Gully in Auburn, Dave Allen in Grass Valley, the Nevada County Narrow Gauge Historical Railroad in Grass Valley, Ron King in Nevada City, and Mike Christophe in Nevada City.

A special thanks to all our hosts for opening their layouts and exhibits for our tour!

August Meet Grass Valley / Nevada City

After touring various layouts during the morning, there was a business meeting and a hosted lunch at the Nevada County Narrow Gauge Museum in Nevada City. Here, we found an impressive collection of prototype specimens that had been restored or were under restoration.

Thanks to Dave Putnam and David Fryman for the meal service!

The Sierra Division, PCR-NMRA is making available to Sierra Division members a “kit” containing the necessary tools and instructions to complete the part 3 requirements of the NMRA Model Railroad Engineer – Civil Certificate. More information on the requirement is at: www.nmra.org/civil

The Kit:

The kit includes tools and templates sufficient to create the following (you only need to construct 3):

- HO Scale #5, Code 83 Right-hand turnout
- HO Scale #5, Code 83 Left-hand turnout
- HO Scale #5, Code 83 Single crossover
- HO Scale #5, Code 83 Double crossover
- HO Scale #5, Code 83 Crossing 14 degree

How the System Works:

- Reservations are on a first-come, first-served basis. All reservations will be for a calendar month. Requests must be sent to louiesqd@att.net.
- The kit will be shipped via UPS on the first day of the month. Arrival should be within 2-3 days.
- The member may use the kit for what should be, **about** three weeks.
- The member must ship the kit back, postage pre-paid by the 25th of the month. This will allow us time to check and clean the kit and still send it out again on the first of the month. Zip ties and address information will be included in the kit. Return the kit to:
Lou Anderson, 100 Buddy Drive, Woodland, CA 95776.

Reservations:

The rental fee and deposit must be received by the 15th of the preceding month.

The rental fee for the kit is \$25.00 by separate check. This will cover the cost of shipping the kit to the member, cleaning costs and additional packaging as needed.

A deposit in the amount of \$500.00 must be included by separate check. This check will **NOT** be deposited unless the kit is not returned. When the kit is returned, the check will be destroyed.

Mail both checks, made payable to the Sierra Division, to:

Lou Anderson, 100 Buddy Drive, Woodland, CA 95776.

Preparation/Supplies:

Be prepared. Have all supplies ready and on-hand in advance of the arrival of the kit. You will need:

Micro-Engineering Code 83 NON-weathered rail, have extra on hand.

Small diameter solder.

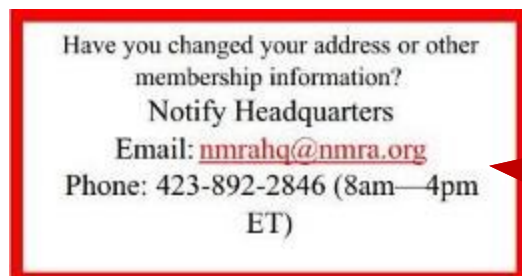

Soldering iron, min 35 watts.

Instructions and a DVD are including in the kit or you can go to <https://www.handlaidtrack.com/> for more information.

Responsibilities:

- The member is responsible for loss and all damage to the contents of the kit. If you break it, or damage it beyond further use, notify us immediately at louiesqd@att.net. Be prepared to include a check in the amounts listed above to cover the cost of replacement.
- Please notify us as soon as possible if you wish to cancel your reservation so that we can offer it to another member.

If you have questions, please direct them to Lou Anderson at louiesqd@att.net. or Chip Meriam at chipmeriam@comcast.net.
