Division Superintendent**

## Highball Into 2025!

As 2024 fades into the sunset and we look forward to 2025, I hope your NMRA membership and participation in our hobby has and will provide you with plenty of rewarding experiences.

The past year was filled with some great events in both model railroading and prototype railroad fanning as well.

-The Pacific Coast Region held its annual convention in Milpitas in the early spring. The Coast Division did a great job organizing and hosting this event.

-Many of our members spent time in July experiencing the Union Pacific's #4014 "Big Boy" journey to Northern California through the Feather River Canyon, to the J.R. Davis Railyard in Roseville where the public had the opportunity to see the historic locomotive and executive passenger car consist up close. After a couple of days of static display, #4014 conquered Donner Pass on the way to Sparks, Nevada and points further east.

-In August, members of our division had the opportunity to visit several layouts in the Sierra Foothills and visit the [Nevada County Narrow Gauge Railroad Museum](#) in Nevada City where we held an in-person meeting.

The early 2025 calendar already has several entries that you might be interested in.

-The [Pacific Coast Region Layout Design & Operations Meet](#) will take place at the California State Railroad Museum in Sacramento on the weekend of January 31<sup>st</sup> – February 2<sup>nd</sup>. This will be a hybrid event that you can attend either in-person or via the internet. Registration for both in-person and virtual attendees is now open on the convention website.

-Plans for our next in-person Division meeting are in the planning stage. Watch your e-mail inbox for details.

-The [Great Train Show](#) comes to Cal Expo on the weekend of February 22<sup>nd</sup> & 23<sup>rd</sup>. Our division will have a membership information table at the show, and we are looking for members to help staff it. Please [e-mail](#) me if you are interested in volunteering for a shift to interact with show attendees who might be interested in joining the NMRA. Your admission and parking fees will be covered for this event.

-The theme for the [2025 annual PCR Convention is Daylight Limited](#). Our Region's Daylight Division will be hosting this event in San Luis Obispo in late March. The convention committee is busy scheduling clinics, layout tours and excursions. Registration for both in-person and virtual attendees is now open on the convention website.

A handwritten signature in black ink that reads "Dave Putnam". The signature is written in a cursive, slightly slanted style.

# From the Editor

Chip Meriam,  
Short Line Editor

As I write this, Christmas 2024 is still nine days in the future. The spirit of the season is beginning to take hold and, as it has more many years, the early memories of my introduction to this hobby come flooding back. I am reasonably certain you're experiencing a similar bit of personal nostalgia as well. Whatever the story of your first encounter with miniature trains, may it be merry and bright!

The mention of nostalgia brings me to another thought: This coming year, 2025, marks the 90th anniversary of the formation of the National Model Railroad Association. Our NMRA President, Gordy Robinson, touched on this in the November/December NMRA Bulletin. [bulletin12-2024](#)

And be sure to read Dave Connery's "Looking Back" column in the Jan-Feb-Mar 2025 issue of the PCR *Branch Line*. I think you'll find it interesting and informative.

From the current NMRA By-Laws:

*"The purposes of the NMRA are to: educate persons engaged in scale model railroading in methods of building and operating model railroad equipment following the prototype practices of railroads; educate persons about all aspects of prototype subjects so that models of equipment, engines, structures, and scenery are as accurate as possible; develop the technical skills of persons engaged in the art and craft of scale model railroading; develop technical standards to promote consistent and reliable inter-operability between equipment of various manufacturers; promote fellowship among model railroaders; and advance the hobby of scale model railroading wherever and whenever possible by publications, events, meetings and other practical means".*

To that end, our own Sierra Division engaged in numerous activities, throughout this past year, designed to provide education about, and promotion of, the hobby of model railroading:

**From our house to yours.  
The editorial staff at the Short Line Wishes You A  
Merry Christmas and Happy New Year!**

A handwritten signature in black ink, appearing to read "Chip".

A handwritten signature in blue ink, appearing to read "Lorri".

We began the year with an operating session at the Sacramento Model Railroad Historical Society and a meeting at the California State Railroad Museum.

Many of us attended and participated in the Pacific Coast Region convention in Milpitas during the spring.

The summer months saw us explore the Gold Country foothills east of Sacramento, and a spectacular offering of top-notch layouts and museums.

Finally, the fall was highlighted by our sponsorship of the 2024 International Rail Fair at Cal Expo. In this issue, you'll find a photo essay on this worthwhile event.

So it is clear. During 2024, we managed to advance the purpose of the National Model Railroad Association. I say, "Well done, everyone!"

Now - on to 2025, and another successful year.

# Daylight Limited

## PACIFIC COAST REGION CONVENTION

**MARCH  
27-30  
2025**

You are invited to the Pacific Coast Region 2025 Daylight Limited Convention in San Luis Obispo and **registration is now open!**

We are offering an in person convention as well as a virtual option. If you are interested in our in person convention, you will want to act fast to sign up for spots on our excursions and to reserve your hotel room.

- a FREE companion fare (\$160 value) that includes the Sunday breakfast!
- 3 days of clinics
- the PCR business meeting and awards brunch on Sunday
- Contests
- layout tours
- make & take clinics
- a great hotel with free wi-fi, evening reception, parking and a breakfast buffet for only \$154 avg/night for a 4 night stay
- excursions on Amtrak, to Bittercreek Western RR, Norgrove Ry, Santa Maria Valley RR shops, the Pacific Coast Railroad at Santa Margarita Ranch, and more!

[www.pcr2025.org](http://www.pcr2025.org)

*Continued on page 5*

## **VIRTUAL EVENT**

Held in conjunction with the in-person convention, for those who cannot make it to San Luis Obispo

[www.pcr2025.org](http://www.pcr2025.org)

Our **virtual** event will include:

- 3 days of clinics
- tour of the contest room by an MMR
- Special Interest Group gatherings
- vendor focus
- the opportunity to vote on the clinics you would like to see in the virtual event for everyone registered early
- and more!

To register: <https://pcr2025.org/registration/>

 The Tidewater Southern Model Railroad Club

San Joaquin County Fairgrounds  
 1658 Airport Way Stockton, CA 95206 Building 1  
 \*Unless preempted by other events

## Tidewater Southern MRC Inc.

We are Located in Building 1 at the San Joaquin County Fairgrounds ([1658 S Airport Way, Stockton, CA 95206](https://www.sjcfairgrounds.com)), We have both HO and N scale layouts housed in a 2,400 sq. ft. alcove. The HO scale layout represents the former Tidewater Southern branch line of Western Pacific. We meet every Saturday from 9am - 5pm except for major holidays and run trains on the last Saturday of the month. Admission is free! Email us at: [tidewatersrhs@gmail.com](mailto:tidewatersrhs@gmail.com) for our schedule.

## At The NMRA Table

A young model railroader delights himself with out TimeSaver switching layout. The TimeSaver attracts many potential new NMRA members.

Several model railroading clinics were offered throughout both days of Rail Fair.

Railroad artist, Andy Fletcher, was on hand to demonstrate his hand-drawing techniques.

You can learn more about Andy's work at: [customtrains.org](http://customtrains.org)

**Visit CustomTrains.org**  
to view 4,000+ hand drawn trains by Andy Fletcher

**CUSTOMTrains**

*Continued on page 11*

# Special Exhibits and Activities

The “Color Sacramento” table provided a hands-on experience for railroad fans of all ages

For the little ones, a special “Junior Engineer” layout was a prime attraction. We can’t help but think this exhibit may have been a “first exposure” of our hobby to the youngest among us.

The “Square Foot Diorama Challenge” drew several entries. This year’s theme was “Fall Into Winter”, including anything to do with the fall and/or winter seasons. Each entry had to include at least one railroad element.

*Continued on page 12*

## Co-Sponsor Layouts Sacramento Modular Railroaders

The Sacramento Modular Railroaders, or “Sac-Modular” to most of us, literally put together an enormous and impressive operating HO Scale layout.

*Continued on page 13*

## Co-Sponsor Layouts European Train Enthusiasts

The Sacramento chapter of the European Train Enthusiasts set up a modular layout featuring European passenger and freight operations under overhead catenary.

*Continued on page 14*

## Local Model Railroad Clubs

The Sacramento Brick Builders displayed a modern layout built completely from Lego® components. Obviously, this is more than a bunch of square plastic bricks!

The Sacramento Garden Railway Society offered Rail Fair attendees a fine dose of large-scale railroading. They will be hosting a National Garden Railway convention in June 2025.

The tiniest of tiny scales was represented in a BIG way by the Bay Area Z Boys. This scale is even smaller than N, but the effect is truly impressive with long, prototype-length trains.

**Have you joined the NMRA Interchange? It's the newest tool to help you connect with other members, gain knowledge and learn to modeling techniques. The Interchange is hosted on the Discord application which is available for Windows, Apple OS, Android and Apple devices. See instructions below for signing up.**

## Joining the NMRA Interchange

Speed Muller

IT Manager, NMRA

Have you joined the Interchange yet? If not, follow these steps to get connected!

1. Go to [nmra.org/nmra-interchange](https://nmra.org/nmra-interchange)
2. It will ask you to log in to the NMRA website if you're not already logged in. If you are not registered with the NMRA website yet, now's the time to do it. Click the "Need a username? Register now" button, and get set up. Use the email address on file in the NMRA membership system (probably the one where you got this eBulletin). The system will email you a link to set your password.
3. Now you should be in the [NMRA Interchange](#) page. If not, click this link.
4. Click on [Member Info](#) in the top right corner and scroll down get your exact Member ID. You'll need that later.
5. Read through the page and then follow the "Interchange Server Invite" link at the bottom. This is a special link just for you and will look something like <https://discord.gg/xxxxxxx>
6. You will be taken to Discord (the platform that hosts the NMRA Interchange) where you will be prompted to sign in, if you already have an account there, or prompted to register, if not. If you need instructions for creating an account or logging into Discord they can be found [here](#).
7. Once you accept the NMRA Interchange Invite, and you are logged in, you will land in **#the-lobby** with a message on what to do next.
8. We suggest that you read and agree to the **#rules** first. Just click on **#rules** and then click on "thumbs up". Then click on **#the-lobby** again to do the most important step.
9. Discord and the NMRA need to check with each other, in order to verify that you are a current NMRA member with an email on file. You start the process with the **/onboard** command. Now, this is very sensitive to the type of device you are using, so just type the first few letters **/onb** at the bottom where you see a + sign in a circle. It will complete the command for you in a pop-up just above that. Click on the **/onboard** command. Add your membership number (6 characters followed by a space and then two more characters) just as you noted in step 4. Example: `/onboard input: 123456 0A`
10. Discord and the NMRA computers will have a chat, and then you will receive an email containing a **/clearance** command. That's your entry ticket. Copy and paste the whole line into **#the-lobby** (at the + sign again). Example: `/clearance input: 654321`
11. You're in! You will not have to do any of this again. If anything derails, you'll get a message telling you what to do next, and we also have Moderators in the Interchange standing by to help.
12. If all went well, you'll now see more than 350 channels (those # things). We suggest you start by going to **#introduce-yourself** and then scroll up to **#the-workbench** to see what others have done and shared! Then find your Region and Division and say "hello" there. And then start participating and enjoy!

**Walt's**  
Trains & Electronics

Sierra Division events appear on the PCR Calendar. If you would like for Sierra Division and PCR events to appear in your personal calendar, you can link to the PCR calendar on the web.

This will work if you use Google Calendar, Outlook, or Apple's Calendar app. Go to <https://www.pcrnmra.net/link-to-the-pcr-calendar/> for instructions on how to link to the PCR Calendar. Events placed on the PCR calendar will automatically appear in your calendar also. Questions or need help? [meldridge2000@gmail.com](mailto:meldridge2000@gmail.com)

## TANK CARS FOR SALE

Add this superb, one of a kind, historical tank car to your collection. The Northern Utah Division of the NMRA is selling a series of HO scale Utah Oil Company (UTOCO) tank cars manufactured by InterMountain Railway. The cars feature a build date of 8/45 and a test date of 9/28/51.

Originally intended to be the convention cars for the 2019 NMRA convention in Salt Lake City, supply chain issues prevented the cars from arriving on time. Offered in six road numbers, the cars have metal wheelsets and Kadee couplers. Priced at \$45.00 each with free shipping, you can get your very own historical tank car before this limited edition is sold out, go to either:

[www.northernutahnmra.org/club-car](http://www.northernutahnmra.org/club-car)

or

<http://northern-utah-division-nmra.square.site/>

NATIONAL MODEL RAILROAD ASSOCIATION  
2025 National Convention

# STATION No. VI

Hosted by:  
the NORTH CENTRAL REGION

**July 14-19, 2025**

Open to ALL model railroaders! You do not have to be an NMRA member to attend! **REGISTRATION IS OPEN!!**

Our location – Sheraton Detroit-Novi, MI  
A suburban location with FREE parking!

## **CONVENTION GOALS and HIGHLIGHTS -**

- \*\* Lowest possible entry costs for individual, spouse and children
- \*\* Everyone pays the same prices!!
- \*\* Shorter convention starting 1pm Monday and continuing through Saturday afternoon with a banquet Saturday evening.
- \*\* Registration includes all layout visits, operating sessions, clinics and admittance to the National Train Show. (*Modeling with the Masters and some proto-tours are extra costs*)
- \*\* Support for all the traditional activities of the SIG's.
- \*\* National Contest will be fully supported and run by the National Contest team.
- \*\* Model Display room for those simply wishing to display models. This also includes the option of entering the People's Choice Contest.
- \*\* We will have several prototype tours
- \*\* We expect to have at least 90 clinics and each will be given twice.
- \*\* We expect to have at least 60 layouts open for tours.
- \*\* We expect to have up to 20 layouts with OP sessions. All layout tours and op sessions will be self-guided so you can take your time.
- \*\* We will have a YARD SALE room. Bring stuff to sell! (*NOT an acution!*)
- \*\* Pizza Party on Friday night!
- \*\* Two Day National Train Show, Saturday & Sunday

**<https://nmra2025.com/>**

The Sierra Division, PCR-NMRA is making available to Sierra Division members a “kit” containing the necessary tools and instructions to complete the part 3 requirements of the NMRA Model Railroad Engineer – Civil Certificate. More information on the requirement is at: [www.nmra.org/civil](http://www.nmra.org/civil)

#### The Kit:

The kit includes tools and templates sufficient to create the following (you only need to construct 3):

- HO Scale #5, Code 83 Right-hand turnout
- HO Scale #5, Code 83 Left-hand turnout
- HO Scale #5, Code 83 Single crossover
- HO Scale #5, Code 83 Double crossover
- HO Scale #5, Code 83 Crossing 14 degree

#### How the System Works:

- Reservations are on a first-come, first-served basis. All reservations will be for a calendar month. Requests must be sent to [louiesqd@att.net](mailto:louiesqd@att.net).
- The kit will be shipped via UPS on the first day of the month. Arrival should be within 2-3 days.
- The member may use the kit for what should be, **about** three weeks.
- The member must ship the kit back, postage pre-paid by the 25<sup>th</sup> of the month. This will allow us time to check and clean the kit and still send it out again on the first of the month. Zip ties and address information will be included in the kit. Return the kit to:  
**Lou Anderson, 100 Buddy Drive, Woodland, CA 95776.**

#### Reservations:

The rental fee and deposit must be received by the 15<sup>th</sup> of the preceding month.

The rental fee for the kit is \$25.00 by separate check. This will cover the cost of shipping the kit to the member, cleaning costs and additional packaging as needed.

A deposit in the amount of \$500.00 must be included by separate check. This check will **NOT** be deposited unless the kit is not returned. When the kit is returned, the check will be destroyed.

Mail both checks, made payable to the Sierra Division, to:

**Lou Anderson, 100 Buddy Drive, Woodland, CA 95776.**

#### Preparation/Supplies:

Be prepared. Have all supplies ready and on-hand in advance of the arrival of the kit. You will need:

Micro-Engineering Code 83 NON-weathered rail, have extra on hand.

Small diameter solder.

Soldering iron, min 35 watts.

Instructions and a DVD are including in the kit or you can go to <https://www.handlaidtrack.com/> for more information.

#### Responsibilities:

- The member is responsible for loss and all damage to the contents of the kit. If you break it, or damage it beyond further use, notify us immediately at [louiesqd@att.net](mailto:louiesqd@att.net). Be prepared to include a check in the amounts listed above to cover the cost of replacement.
- Please notify us as soon as possible if you wish to cancel your reservation so that we can offer it to another member.

If you have questions, please direct them to Lou Anderson at [louiesqd@att.net](mailto:louiesqd@att.net). or Chip Meriam at [chipmeriam@comcast.net](mailto:chipmeriam@comcast.net).
